

Santa Barbara Cactus and Succulent Society

www.sbcactus.org

Our mission is to provide opportunities for fellowship and exchange of information among persons sharing an interest in succulents; to encourage, promote and support all aspects of the collection, culture and study of succulent plants; and to provide opportunities for the exchange and exhibition of succulent plants.

September 2006 Newsletter

September 2006 Program: Friday, September 1, 2006, 7:30 PM
Meeting Hall: MacKenzie Park, Off Los Positas at State

This month's speaker: Woody Minich

Woody Minich will be our featured speaker this month. He'll share a new Power Point presentation including digital photos of Argentinean cacti and succulents. We've always enjoyed the presentations Woody's shared with us in the past. He is moving to New Mexico some time next year, so we may have more difficulty getting him as a speaker in the future. You won't want to miss this!

President's Message from Mike McCammon

Welcome to the last meeting of the summer. While the club was having its annual summer picnic at Gunther Schwartz's gardens, Cathie and I were at the Inter-city show in Arcadia, selling some of Cathie's glass creations. It was the biggest show they have had in many years, close to 1800 plants in 124 classes. Too bad it was on the wrong weekend.

A group of club members came to Gunther's the weekend before the picnic to help him with some needed yard cleanup. Thanks to all who helped. I'm sure there were many others who worked on setup and cleanup the day of the picnic.

A quick reminder: We will revisit the question of where to meet for our club meetings next year. It looks like the only way we can return to the Davis Center is if we change our meeting to a different weekday night. A few nights are already taken. We can also continue at MacKenzie Park on Fridays. I would like to get a vote on this during the meeting.

Board Meeting

Wednesday, August 30, at 7:00 P.M.
Hosted by David and Karen Davidson,
(Please email for location.)
