

# *Santa Barbara Cactus and Succulent Society*

[www.sbcactus.org](http://www.sbcactus.org)

*Our mission is to provide opportunities for fellowship and exchange of information among persons sharing an interest in succulents; to encourage, promote and support all aspects of the collection, culture and study of succulent plants; and to provide opportunities for the exchange and exhibition of succulent plants.*

## **September 2007 Newsletter**

**Program: Friday, September 7, 2007, 7:30 PM**

*Meeting Hall: Louise Lowry Davis Recreation Center  
De la Vina and Victoria Streets—entrance on Victoria*

September 2007 Meeting Speaker:

**Tom Glavich**

Topic:

We begin our new season of programs with a bit of mystery and intrigue as our guest speaker tells us about **Succulent Bromeliads**.

## **MESSAGE FROM CO-PRESIDENTS**

**KAREN DAVIDSON AND BETTE ELIASON**

September is upon us, as subtle changes begin to appear, heralding a new fall season. Changes in our solar system bring the seasonal changes here. Without this stimulation--where indeed would we be? We look forward to the approach of a growing season for succulents and cacti, a busy time of year to groom and care for our plants, take offsets and kikiis for reproducing, and set things up to make the most of the rainy season ahead.

Rob Hofberg, Program Chairman has exciting programs planned for the next year. He's working on obtaining some new faces among program speakers. I hope you are all ready to come to the September program. We will look forward to seeing you there!

## THANK YOU

The club would like to give a special big thank you to Bonnie Freeman, our hostess, for providing her home and delightful gardens for our 2007 Summer Picnic. Her relaxed graciousness and ready helpfulness during the event combined with a beautiful day to give us an event that will long be remembered with pleasure by those who were there.
